

# OSR Presents...

## Advanced Systems Thinking Workshop Series

**Monday, January 23rd**

*Lowering the Waterline: Making the  
Most of the Iceberg Model*

**Monday, February 6th**

*System Archetypes: Recognizing Familiar Stories  
to Increase Understanding*

**Monday, February 27th**

*Game Night:  
Learning Systems Thinking through Play*

In these three workshops, you will continue to strengthen your systems thinking muscles through a deeper exploration into the iceberg model, system archetypes, and games. These highly experiential skill-building workshops will help you apply systems thinking in new and powerful ways. Come to one or all three.

**\$25 registration fee per workshop**

**6:00-9:00pm**

**Seattle University**

*Instructors:*

Steve Byers (OSR 13), Nalani Linder (OSR 12), and Colleen Ponto (OSR 7 & Current OSR Faculty)

**To register, visit [www.osr-nw.org](http://www.osr-nw.org)**
